To Whom It May Concern:

I had the pleasure of working with Michelle Mahrle while she was a student teacher at Eppler Junior High School. I am a school counselor who is in charge of all standardized testing. During the EXPLORE and MEAP testing window, I asked Michelle for help. She immediately agreed to do whatever was necessary to assist with testing. She had several duties assigned to her, and she completed them all efficiently and effectively.

During the time that I worked closely with her, I saw that she is competent, confident, and eager to help in any way. She could have used the testing period as time off, but instead she volunteered to assist the counseling department with several different aspects of testing. I can honestly say that the standardized testing would not have gone as smoothly without her, and she played a large role.

Michelle is a hard worker with a pleasant personality who would be a great addition to any staff.

Sincerely,
